LONDON PARIS NEW YORK

Anne Jensen make up is made with unique created textures, modern colors to suit every need for a beautiful look.

All products are designed and created from scratch by Anne Jensen. Part of the products are trendsetting textures based on new pigments and new sustainable products.ingredients. The trend of the moment.

#### Street style

When street style meets design, things can happen.

People are unique and they deserve unique attention attention, but at the same time, some of the greatest ideas come out of the blue, and are often created because the person has special needs.

That people want to be unique is something we see every day around us and in our lifestyles.

Picking up ideas from our surroundings and shaping them into a cosmetic designer brand.

#### Anne Jensen

picks up the latest fashion colors and trends and mixes them with colors from our everyday life, selections from the street, nature and the sea, giving us a beautiful palette of colors to suit all skin tones.

Anne Jensen's cosmetics range is designed and created for women of all ages, who want to pamper themselves. with some amazing luxury make up products, that match the trend of the time.

#### Sustainable

If we really want a sustainable line, then it's all about the finest ingredients for the product.

The ingredients used in the manufacturing process are more pure, and a high quality, high quality packaging that can be recycled, which will preserve the texture and ingredients of the final make up product in a fresh state.

Part of Anne Jensen's make up range is manufactured according to ecocert.
